

Great Lakes Metal Supply Co.

Precision Flat-Rolled Steel & Aluminum Distribution — Since 1987

Proposal in Response to RFP RM-2026-014 — Meridian Autoparts Inc.
Submitted: June 24, 2026

Executive Summary

Great Lakes Metal Supply (GLMS) is pleased to submit this proposal to supply Cold-Rolled Steel coil and 5052 Aluminum sheet to Meridian Autoparts' Elkhart facility. GLMS operates two service centers within 120 miles of Elkhart and currently supplies three other Tier-1 automotive stampers on JIT weekly schedules. We are IATF 16949 and ISO 14001 certified and can commit to the full volumes and lead times requested in Section 3 of the RFP.

Materials Offered & Specifications

Req #	Material	GLMS Offering	Meets Spec?
REQ-01	CRS Coil	ASTM A1008 CS Type B, 0.8-2.5mm $\pm$ 0.025mm	Yes
REQ-02	CRS Coil	Min. yield 280 MPa, width 900-1250mm	Yes
REQ-03	Aluminum Sheet	5052-H32 ASTM B209, 1.0-3.0mm $\pm$ 0.04mm	Yes
REQ-04	Aluminum Sheet	Mill finish, oil-coated, defect rate 0.3%	Yes
REQ-05	Both	MTC issued per lot, EN 10204 Type 3.1	Yes
REQ-06	Both	Full heat/lot traceability via barcode + ERP	Yes

Pricing

Material	Grade / Thickness Band	Price (USD/MT, FOB Elkhart)	Pricing Basis
CRS Coil	0.8-1.5mm	\$942 / MT	Fixed for 24-month term
CRS Coil	1.5-2.5mm	\$918 / MT	Fixed for 24-month term
Aluminum 5052	1.0-2.0mm	\$3,180 / MT	Fixed for 24-month term
Aluminum 5052	2.0-3.0mm	\$3,095 / MT	Fixed for 24-month term

Delivery & Service Levels

GLMS commits to a 98.4% on-time delivery rate (trailing 12-month average, references available), standard lead time of 7 business days, and an expedite option at 2 business days for a 6% surcharge. Non-conformance rate over the past year has been 0.21% by weight, covered under our standard return/credit policy (return authorization within 48 hours, credit issued within 10 business days). GLMS carries \$10,000,000 in general liability coverage and maintains a documented business continuity plan including a secondary rolling partner in Ohio for coil supply backup.

Certifications & Compliance

GLMS holds active IATF 16949:2016 certification (cert #GL-4471, renewed March 2026) and ISO 14001:2015 certification (cert #GL-EM-118). We are fully compliant with Dodd-Frank Section 1502 conflict minerals reporting and will provide a completed CMRT with each shipment cycle. All steel offered is melted and poured in the United States (Indiana and Ohio mills), satisfying Buy America / regional content requirements.

Payment & Commercial Terms

Standard payment terms: Net 60 from receipt of conforming goods, with a 1.5% discount available for Net 15 payment. GLMS offers a Vendor-Managed Inventory (VMI) program with on-site consignment stock targeted at 2 weeks of coverage, replenished automatically via EDI 830/862 signals from Meridian's MRP system, at no additional carrying cost to Meridian for the first 12 months.
